Take a closer look at products that are shaping our industry.

**Clearogen Acne Lotion** by Advanced Skin & Hair is the most important part of its revolutionary treatment system. This dermatologist formulated, clinically proven lotion uses natural ingredients and time-released benzoyl peroxide in combination with a sophisticated liposomal delivery system to block the acne causing hormone dihydrotestosterone. Clearogen Acne Lotion also works to unclog pores, regulate oil production, and clear existing blemishes while moisturizing the skin and reducing redness for a balanced, smooth complexion. 310-442-9700 or clearogen.com

**Zensa Healing Cream** by Alera Skin Care is a vegan, all-natural healing cream proven to reduce irritation, speed up healing, and minimize scarring. Zensa's formula contains minimal fillers and health conscious ingredients: grapefruit seed, calendula, sunflower seed, cucumber, and aloe.

Zensa Healing Cream is the ideal aftercare cream for tattoo procedures, laser hair removal, waxing, microblading, and injections. This cream will leave skin feeling refreshed, smelling like natural grapefruit, and protected after painful procedures. 844-441-7546 or aleraskin.com

Aesthetic Back Bar's **Papaya & Pineapple Enzyme Mask** is loaded with enzyme-rich papaya and pineapple. This is a gentle, exfoliating formula that can be used on all skin types. This enzyme is formulated with organic aloe leaf juice, making it gentle enough for even the most sensitive skin types. This enzyme polishes all the dead skin and leaves skin glowing and radiant. Papaya & Pineapple Enzyme Mask is free of parabens, gluten, phthalates, and sulfates. 972-372-0203 or aestheticbackbar.com

BiON Research's **Youthful Eyes Peptide Cream** includes soy rice peptides to dramatically reduce dark circles and puffiness around the eyes. Soy rice peptides stimulate fibroblast proliferation and increase collagen and elastin synthesis. Palmitoyl tetrapeptide-7 has been clinically proven to reduce inflammation due to fluid retention and swelling. Palmitoyl oligopeptide increases the production of collagen and hyaluronic acid in the deep tissues around the eyes. Acetyl hexapeptide-8 helps to reduce the intensity of facial muscle contractions and prevent the formation of dynamic wrinkles to maintain youthful eyes. 877-715-2466 or bionresearch.com

Dahlia's **Eye Renew Cream** is a potent organic formula with 20 anti-aging ingredients – including CO-Q10, fruit stem cells, eyebright, and primrose oil – to assist in collagen production by stimulating new skin cells. Eye Renew's bio-peptide complex is infused with seaweed extract to help soothe the delicate skin surrounding the eyes and restore instant vitality. It is brightening, tightening, and hydrating for all skin types. Fine lines are reduced by this cream and leave lighter, brighter, super sparkly eyes. 888-569-6867 or dahlia.com

DefenAge's **8-in-1 BioSerum** is a biologically advanced "smart" formula that delivers results equal to those of eight serums. It combines multi-action age-correcting technologies to promote younger-acting skin. DefenAge's exclusive ingredient, peptide-based Age-Repair Defensins, works via a natural mechanism of action. The 8-in-1 BioSerum is infused with highest possible amount of defensin-peptides. The technology is patent-pending, can be combined with almost any skin care regimen, and is exclusively available at DefenAge. 760-330-1456 or defenage.com

The **Elixir Eyes-Lips Radiance Serum** by Dectro visibly reduces the appearance of wrinkles and softens the bags under the eyes. The product's main ingredient, Superox-C™, is an extract from the kakadu plum. This unique superfruit has the highest vitamin C content in the world, 100 times more than an orange! In addition to enhancing the skin radiance, the Eyes-Lips Radiance Serum reinforces the skin's antioxidant defenses to better protect it against oxidative stress and aging. 888-650-5573 or dectro.us
